DIGITAL STOREFRONT AUDIT

A 10-Point Infrastructure & Aesthetic Integrity Scorecard for High-Ticket Builders

Aesthetics do not replace substance; they determine whether anyone stays long enough to inspect it. High-value clients make subconscious trust assessments in under three seconds.

A. TYPOGRAPHIC & VISUAL RIGOR / 10

- ☐ **T1: Type Hierarchy**
  Max 2 font families. Zero center-aligned multi-line paragraphs.
- ☐ **T2: Color Restraint**
  Strict 3-color palette: background, high-contrast ink, single accent.
- ☐ **T3: Viewport Purity**
  Clean 375px mobile legibility; zero horizontal scroll or layout shift.

B. VALUE PROPOSITION & FRICTION / 10

- ☐ **V1: Above-The-Fold**
  Core problem and mechanism understood in < 3 seconds without scrolling.
- ☐ **V2: Single CTA Path**
  One primary action path per page. No competing buttons or modal traps.
- ☐ **V3: Jargon Elimination**
  Zero generic buzzwords ('game-changing, cutting-edge, passionate').

C. PROOF & AUTHORITY DENSITY / 10

- ☐ **P1: Quantified Proof**
  Verified outcomes and data points shown before process descriptions.
- ☐ **P2: Real Ownership**
  Explicit human operator named; real contact routing, no blind web forms.
- ☐ **P3: Technical Latency**
  Sub-1.2s Largest Contentful Paint (LCP) on mobile cellular connections.

D. LEAD CAPTURE PLUMBING / 10

- ☐ **L1: Frictionless Opt-in**
  Single-field lead capture or direct DM keyword action path.
- ☐ **L2: Instant Delivery**
  Asset delivered within 30 seconds via automated webhook or CDN.
- ☐ **L3: Retargeting Hygiene**
  Privacy-compliant tracking pixel and automated nurture sequence live.

TOTAL AUDIT SCORE
_____ / 40

DIAGNOSTIC BENCHMARK & ACTION THRESHOLDS:

[SCORE < 20] HIGH BOUNCE RISK: Friction is choking conversion. Rebuild typography and above-the-fold.
[SCORE 20–30] LEAKING CONVERSION: Core message is sound, but technical latency or proof density is lagging.
[SCORE 31–40] INSTITUTIONAL GRADE: Storefront commands authority. Ready for high-volume paid traffic.
